

ANPAC - NPG Meeting October 2017

Dear members,

ANPAC is proud to announce the busiest NPG meeting to date, which will take place on October 24th 2017 in FCO and will be hosted by ANPAC.

NPG officials from current member associations as well as top level delegations from prospective members will attend the meeting.

As Norwegian expands its long haul as well as short haul operations into new markets and jurisdictions so does the NPG with an aim to unite and coordinate the whole Norwegian pilot body, regardless of base country, aircraft or employment type.

The importance of trans-national industrial coordination in a trans-national airline cannot be over emphasised and in this context the NPG has invited new prospective members from areas of the world where our airline has plans to grow.

The following Professional Pilot Associations will be attending the NPG meeting:

- ANPAC (NPG member - Italy)
- NPU (NPG member - Scandinavian countries)
- SEPLA (NPG member - Spain)
- BALPA (NPG member - U.K.)
- NPUF (NPG member - Finland)
- ALPA (prospective NPG member - USA)
- SNPL (prospective NPG member - France)
- VNV (prospective NPG member - Netherlands)
- APLA (prospective NPG member - Argentina)
- IALPA (prospective NPG member - Ireland)

We will inform all our members on the outcome of this important meeting in the coming days.

Keep spreading the unity and fly safe!

Regards,

Capt. Alessandro De Blasio  
ANPAC-Norwegian Pilot Representative  
NPG Secretary
